I don't pitch, I teach. I know in this day and age people are showing receipts for earnings to qualify them as gurus and everyone buys into the hype. My receipts are the thousands of lives of people who are now FREE. Their healing is priceless!

Greetings!

Thank you for requesting more information about my company HMP, LLC - Helping Mankind on Purpose.

My name is Dr. Stefany Jones, and I help spiritually-minded women bridge the gap between their benevolence and their thoughts of having unfulfilled and unaccomplished lives so they can live purposed, destined and successfully in all areas on their terms!

I help them Heal their Hearts so they can Change their Minds about everything!

I am a Subject Matter Expert at Spiritual Business Intelligence. My own life was completely transformed after my near death experience and being in a coma during Holy Week in April of 2000.

My academic education, corporate background, and spiritual experiences have helped me to create foundations and systems that I've used to transform my life and the lives of my clients, students, and communities all over the world.

Regards,

Dr. Stefany Jones
